

Dear all!

From the march 2015 we start our new project of logistic consulting “For a cup of coffee”. These project will give to our members possibility to get practical advices from colleagues and experts of club.

It looks like offline meetings in free-space cafes or co-working offices “for a cup of coffee”. Every meeting will have predefined topics, some topic for brain storming and live dialogue. Goal of such meetings – to find answers and to solve practical problems in daily logistic.

Also, these project had a long term goals, as procedure of consulting with experts from around the world. For example, with experts from [SOLE](#) .

So, if you want to participate in our meetings, to share your experience with the colleagues, welcome!
